de PUNTA FUEGO

We have preserved nature's precious spaces, from the prized stretch of the iridescent beach to the marvelous groves of greens. Around it, we planned a community built for leisure, from the first-class amenities to the superb service.

A paradise within reach, an atmosphere so vibrant; the Terrazas Community is now ready to offer you the best days of your life.

*"The famed boardwalk at Terrazas de Punta Fuego in Nasugbu, Eatangas."*

Immerse yourself in the Spanish Mediterranean and tropical inspired architecture, walk along the waters edge or take a dip in the pool, invigorate yourself by having a massage in the Asian-inspired cabanas or enjoy a meal in Café Sol as the last rays of the sun transform the pristine blue waters to orange.

This club is exclusive to Peninsula and Terrazas de Punta Fuego lot owners and residents. It is home to world-class amenities including 33 casitas, 16 suites, a double infinity pool, spa, an international full-service marina and a nine-hole Nelson-Haworth designed executive golf course with commanding views of the West Philippine Sea.
